A maze puzzle where the path is determined by the difference between the numbers in each subtraction problem. The goal is to reach the treasure chest (gold pot) starting from the shoes.

The maze consists of a grid of subtraction problems. The path is determined by the difference between the numbers in each problem. The path starts at the shoes (top left) and ends at the treasure chest (middle right).

The subtraction problems in the maze are:

9 - 2	7	2 - 1	2	3 - 1	7	9 - 7	5	7 - 2
8	6	1	8	8	9	4	3	7
3 - 1	4	9 - 4	5	7 - 1	6	4 - 3	2	4
